GENERAL INFORMATION ABOUT THE COLORADO CHAOS

- The **Colorado Chaos** is the premier club basketball program in the Rocky Mountain Region. We have helped place 377 players in college over the past fourteen years, including 104 at the Division I level and fifteen players who have become professional athletes, including two NBA players. To date, Colorado Chaos players have earned roughly thirteen million dollars of scholarship money towards achieving their higher education.
- We only play against the top teams in the region and the country and we travel to the top national tournament to help our players improve and get as much exposure as possible.
- We place a huge emphasis on player development and have multiple intense Player Development Sessions each week to help our players improve their overall skill level as much as possible.
- The Colorado Chaos will play in April, May and July. We do not play in June so our schedule does not interfere with anything you do with your high school teams. We expect the Colorado Chaos to be a priority for all of our players, but we stress it should come secondary to academics and commitments to school teams.
